CONFIDENTIAL

MEMORANDUM

29 March 1949

TO : COPS

FROM : TRS

SUBJECT: Reorganization of the Training Staff

1. In accordance with your request, attached are copies of my recommendation for the reorganization of the Training Staff and the present T/O of TRS.

2. The present T/O has little relevance to jobs actually being performed by members of my staff. This was, of course, one of the reasons for my efforts to reorganize. Another principal reason was to adjust certain inequities in classifications.

3. I had hoped that my request for an increase in T/O would be considered separately from my request for reorganization. If I am not to be permitted to increase my T/O I hope that at least I can reorganize my staff on the lines outlined in the attached memorandum. I feel strongly, however, that an increase in strength is imperative if we are to give the proper training services to OSO. If an increase in strength is not approved, I shall have no choice but to cut back on present training services now performed for OSO and to postpone indefinitely planned improvements in our training programs.

Chief, TRS
